The gameplay combines shoot 'em-up, action and reflection and, depending on the circumstances, the player can choose between first- and third-person views.

The player must watch out for all the dangers of a real war: machinegun bunkers, snipers, mines, tanks, aerial bombardments, muddy trenches, mine-carrying dogs that are trained to attack the enemy, etc. The player's weapons consist of a Russian short saber, a Heckler & Koch MP-6 'Wotan' assault pistol with a silencer fitted, a Remington M910 'Bull's Eye' shotgun, a M203 40mm 'Clovis' grenade launcher, fragmentation and smoke grenades, and anti-personnel and magnetic mines.
